

OBSERVE THE IMAGES THAT TELESUR, CNN, AND AP REPORTED TO THE WORLD. THESE ARE THE GREAT PEOPLE THAT SUPPORT THE DEPOSED PRESIDENT MEL ZELAYA?

Look at who is doing the attacking. Pro Zelaya demonstrators attacked public and private property, breaking windows and creating chaos, targeting branded hotels, financial institutions, restaurant franchises, and government buildings.

This type of anti-riot control vehicle is common and used in all countries of the world to disperse violent demonstrations, and the anti-riot police in Honduras are trained to serve and protect, to keep order, and protect its citizens and property, both public and private.

Is this voice of civil society, the voice of Honduras? Hardly convincing with only 250 thugs, MANY who were paid by the Zelaya and Chavez propaganda machine to support the creation of the illegal 4th ballot box to over ride the Honduras constitution.

This is the real voice of Honduras, of civil society, tens of thousands of brave citizens assembling peacefully across this great country in support of the National Congress, Supreme Court, Supreme Electoral Tribunal, Attorney General, Police and Armed Forces. A profound statement of solidarity by Honduras to the world, for peace, democracy and support the of the Honduras Constitution.

**For our children,
and the future generations of Honduras,
we stand united in defense of our constitution,
and our laws,
for justice and liberty,
for peace and democracy,
for what we believe is right and moral,
and that no foreign power can impose it's will
on the people of Honduras.**

Freedom is not the right to do what we want, but what we ought. Let us have faith that right makes might and in that faith let us; to the end, dare to do our duty as we understand it.

The will of the people is the only legitimate foundation of any government, and to protect its free expression should be our first object.
